

(<https://profile.intra.42.fr>)

Remember that the quality of the defenses, hence the quality of the of the school on the labor market depends on you. The remote defences during the Covid crisis allows more flexibility so you can progress into your curriculum, but also brings more risks of cheat, injustice, laziness, that will harm everyone's skills development. We do count on your maturity and wisdom during these remote defenses for the bene fits of the entire community.

## SCALE FOR PROJECT FT\_HANGOUTS (/PROJECTS/42CURSUS-FT\_HANGOUTS)

You should evaluate 1 student in this team

Git repository

---

## Introduction

For the succesful completion of this grading, please :

- Remain kind, polite and respectful during this defence.
- Underline precisely the possible failures of the person's test you're grading.
- To consider the test or functionality requirements might lead to different interpretations. Remain open minded when confronted to someone else's vision (are they right or wrong ?), and be as fair as possible in your grading.

Good exam to all !

## Guidelines

REMEMBER YOU MUST ONLY MARK THE NOTES ON THE STUDENT'S PROJECT.

You must "git clone" the project, and mark what's on it.

If the corrector is not familiar with this project, it is mandatory to read the full brief before starting the exam.

# Preliminaries

---

## Preliminary instructions

Check the following elements first :

- The project has been completed (in the git)
- No cheating, both students must be able to explain their codes. -  
The project is coded in JAVA or Kotlin

If you tick off one of these elements, stop your grading right now.

Use the accurate flag. You're invited to talk about the project,  
but you cannot apply the grading scale.

☐ Yes

☐ No

---

## First section

### *Mandatory part*

---

#### Creation

Check that you can create a contact and that it shows on the  
application's homepage as a list with an abstract (je ne comprends pas  
tout à fait le sens de "résumé" ici, donc j'ai choisi ce terme, mais c'est  
peut-être summary)

If you click on the contact, details must appear. Created contacts are  
persistent and will be recorded in a local database. (Reminder : you  
shouldn't have used the shared contact table)

☐ Yes

☐ No

---

#### Edition

Check that you can properly edit a contact.

☐ Yes

☐ No

---

#### Removal

Check that you can delete a contact.

☐ Yes

☐ No

---

### Text messages

Check that you can text and receive text messages from a contact.

You have a clear conversation history that properly shows the sender and the receiver.

☐ Yes

☐ No

---

### Languages

Two languages are available, one as default. For the test, change the system's language.

☐ Yes

☐ No

---

### Mise en arriere plan

When you set the application in the background and return to the front, the time the application was set in the background must show.

☐ Yes

☐ No

---

### Options

You must be able to change the header color through an option menu.

☐ Yes

☐ No

---

### Graphics

The application's icon is the 42 logo.

It works in portrait and landscape mode.

☐ Yes

☐ No

# Bonus

*Bonus part.*

Photo

You can add a photo in the contact details.

☐ Yes

☐ No

Call me maybe

You can call a contact.

☐ Yes

☐ No

Design

This is beautiful. Beauty lies in the eye of the beholder, but if the application is little more than white and basic, that might be a good start.

☐ Yes

☐ No

Bonus libre.

Everything you might consider as a bonus.

Rate it from 0 (failed) through 5 (excellent)

# Ratings

Don't forget to check the flag corresponding to the defense

 Ok Outstanding project Empty work No author file

W Invalid compilation

 Norme Cheat

d Crash

 Forbidden function
